Support from JCWI's members is invaluable in helping us to continue being one of the few organisation that is independent from Government funding. This helps us to maintain our position as one of the leading organisations in the fight to defend the rights of refugees, asylum seekers and migrants as we can be unrestricted from Government influence. Help us to continue to lobby and campaign for a human-rights based approach to immigration and asylum law and practice and become part of an organisation that influences policy and practice.
